

## **BOB CANTWELL**

Bob is a native of Wilmington, and a 1964 graduate of the Citadel with a degree in Civil Engineering. After military service, he joined his family business of commercial real estate appraising, working with his father and later with his wife of 56 years, Mary, until they retired 12 years ago. He lived at Wrightsville Beach for over 40 years, moving to the Masonboro Sound area 15 years ago.

He was active in professional associations, including service on the national governing council of the Appraisal Institute. He also chaired the North Carolina Real Estate Appraisal Board. Since retirement, his volunteer service has included continuing participation in the New Hanover County Guardian Ad Litem program. He is also a docent at the Wrightsville Beach Museum.

Although not a musician, he has always enjoyed chamber music as it has a feeling of intimacy and allows the audience to discern the contribution of the individual performers. He and Mary have been attending CMW concerts since they were held upstairs in City Hall.
